### THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the town of Henniker in the County of Merrimack, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town's Meeting House in said Henniker on Tuesday, the 12th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing and to elect a delegate to the Constitutional Convention to be holden in Concord, Wednesday, the fifth day of June, nineteen hundred twelve.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To see how much money the town will vote to raise to repair highways and bridges.

4. To see how much money the town will vote to raise for schools other than that required by law.

5. To see how much money the town will vote to raise in addition to that required by law for the support of Tucker Free Library.

6. To see what sum of money the town will vote to raise and appropriate to defray the expense of observing Memorial Day.

7. To see how much money the town will vote to raise for the maintenance of the fire department.

8. To hear and act upon the reports of Town Officers, Library Trustees and Committees.

9. To see how much money the town will vote to raise for payment of electric lights for the ensuing year, and pass any vote relating thereto.

10. To see how much money the town will vote to raise and appropriate for the permanent improvement of highways.

11. To see if the town will vote to authorize the selectmen to invest the Cemetery Trust Funds or pass any vote relative thereto.

12. To see if the town will vote to purchase a steam road roller, raise money for the same, or pass any vote relative thereto.

Given under our hands and seal this nineteenth day of February in the year of our Lord, nineteen hundred and twelve.

EDWARD CONNELLY,

## REPORT OF BOARD OF HEALTH.

---

The health conditions of the town for the past year have been very good. Only one case of contagious disease has been reported to the board. This one a case of measles contracted in Manchester, was restricted to the premises in which it was discovered. There has been one analysis of the water of the Henniker Spring Water Company by the State Laboratory of Hygiene, and the same was found to be in good condition. There have been no complaints of nuisance presented to the board during the year.

## REPORT OF FIRE ENGINEERS.

---

During the year 1911 the department has answered two bell alarms, the damage in both cases being slight. Several still alarms for chimney fires have required the attention of details. Forest fires, since the last session of Legislature, are fought under the direction of the Forest Fire Warden, and do not come under the jurisdiction of this Board. However, the members of the department have answered calls for assistance from the Warden and rendered efficient service, especially during the Mink and Bear Hill fires of the past summer.

At the last annual town meeting your Board asked for and received an appropriation for a reservoir on the south side of the river. A large number of citizens realizing that a reservoir is but a temporary device, advised against building the same until some action could be taken to insure a larger supply of water for fire protection. Several cisterns previously built are now without water at crucial periods, and are inadequate at the best. Your Board fully recommends some action at the next town meeting towards furnishing a better water supply for fire purposes.

The present fire equipment seems to be ample for the facilities at hand. The addition of a number of pony extinguishers has been quite a help in stopping incipient blazes, several of which have been outside the village limits.

## REPORT OF FOREST FIRE WARDEN.

---

The efficiency of forest fire service was thoroughly tested the past season in Henniker.

We have had four fires during the past year, two of which were extinguished with very little expense.

Two large fires the first part of July, one on Bear Hill near Deering and Hillsboro town lines, which started in Hillsboro, and one on the Mink Hills near Warner line. These fires required attention for more than two weeks, employing some seventy men and costing the town \$1,478.29 of which the state assumed the payment of one half.

The expense of conveying the men was large owing to the fires being at the extreme end of the town. It is a part of the Warden's duty to prevent fire as well as extinguish it and certain rules have been posted in conspicuous places in town regarding forest fires with which I believe nearly all are familiar. Certain precautions may be taken by property owners greatly for their own interests. Such as keeping the brush piled away from line walls, also by piling in piles and not in winrows.

Two fires were caused by lightning and one was apparently caused by throwing a lighted cigar from a rapidly moving automobile.

It is the easiest way to account for many fires starting near highways.

The State Forester is authorized by the last Legislature to appoint Deputy Wardens in different parts of the town which will be done early in the spring. Persons living on high ground and having telephones can be of great assistance in quickly notifying the warden when a fire is discovered.

The Forest Fire Warden desires to express his appreciation of the assistance given him at critical times by the members of Henniker Fire Department and others.

Respectfully yours,

H. A. TUCKER, *Forest Fire Warden.*

## REPORT OF SCHOOL BOARD.

---

We are obliged to report a still further shrinkage of available funds on hand at settlement from last year.

We were given to understand when we received the aid from the state promised last year and made available by special legislation a year ago, that such aid would probably be continued and considered it an asset in making our plans.

In December we were notified that, owing to an increase in valuation Henniker went above the \$7,000 limit per scholar, thus barring us out of \$300 or more which we had planned to use.

We are confronted with the anomaly of a town growing richer but having less funds for school purposes.

It is not probable that we shall receive any further state aid and consequently must increase our appropriation or cheapen our schools.

The unexpected resignation at mid-year of the principal and assistant and the defection of two candidates chosen to fill the vacancy, compelled us to declare a vacation of three weeks in the High school.

For financial and other reasons we deemed it wise to close the entire building until such time as the incoming principal could begin work.

As usual the roll of honor and statistics are for the year ending June 1911.

GEO. H. DODGE,

For the Board.

## REPORT OF SUPERINTENDENT OF SCHOOLS.

Mrs. J. A. Felch, Secretary School Board:

I submit, herewith, my fourth annual report as superintendent of schools.

Under the present rules no district school pupil may attend the Central school unless he is fitted to enter the eighth grade. I would recommend that this rule be changed so as to admit pupils to the seventh grade, thus giving them the advantage of two years' training in the grammar department before entering High school or quitting school entirely as is often the case. Four years of close observation has demonstrated clearly that, however good the teacher, there comes a time in the life of the boy who has received all his education in a district school when he needs the broadening influence, the systematic training of the well organized grammar school. By the simple process of assimilation it is evident that a pupil in a class of twelve or fifteen will learn vastly more than he would in a small class, where, sometimes, he is the only pupil. Of course the grammar room is already overcrowded and an enlarging would be necessary. The wall between this room and the school hall can be replaced by an air tight (and wholly practical) shutter curtain at a reasonable expense. This would greatly increase the seating capacity and not lessen the space properly belonging to the hall. Moreover, it would relieve the present intolerable congestion of this room.

The district schools are all in good condition; the equipment is complete and the corps of teachers entirely competent. It is gratifying to note that, at the opening of the spring term, all but one of the district schools will be in charge of local teachers.

Under the present arrangement I have been able to visit the districts but once a month, and then only on a stated day—nevertheless, in this brief time I have been able to see that the work was progressing satisfactorily

or to assist and correct where teachers were working in the wrong direction.

Like all schools, Henniker schools need competent supervision. If the present system is going to be continued, some other provision for visitation should be made. I am still of the opinion that one session in the High school would make better supervision of all schools possible, and would at the same time add to the strength of the High school itself.

In regard to the change of teachers now taking place in the High school, I am convinced from information at hand, that the courses, so favorably received by patrons and pupils, will suffer no material loss from the competent instructors chosen to continue the work.

In closing four and a half years' work in Henniker, I do so with utmost regret. I beg, herewith, to thank the board, teachers and patrons for their uniform kindness and support in my duties now at an end.

Respectfully submitted,

F. H. LINCOLN.

North Providence, R. I., Feb 15, 1912.

## REPORT OF COMMITTEE ON REPAIRS.

In accordance with recommendation of last year and subsequent appropriation by the District of \$500 for rebuilding the water closets at the Central building, I have to report that a large portion of this sum was used for the purpose mentioned.

This covered the cost of an entirely new system which has proved thus far, very satisfactory and also paid for some absolutely necessary work upon the Division school houses.

Quite extensive repairs will be needed the coming year upon the houses in Divisions 3, 6 and 10, and I would recommend that the sum of \$200 be raised for such purpose and for the ordinary repairs which are always demanded at the Central school house.

## TUCKER FREE LIBRARY.

Henniker, N. H.

---

The year has gone nearly as usual in the library except that for the first time since the new building was occupied, the books were called in, and the library closed for the month of August. During that time the books were inspected and repaired, a new stack was purchased, and the books were arranged to fit the new quarters, and the building generally "swept and garnished."

The friends of the library have been very kind and generous the past year. Miss Etta Colby gave 14 books, including a leather covered Bible, 126 years old; Mrs. Ella Howlett also gave a Bible nearly 100 years old; Mr. Max Israel presented a complete set of Dickens' books, 16 volumes in all; J. H. Albin presented 83 volumes, comprising Ridpath's "Universal Literature," Bancroft's "History of the United States," and "Nations of the World." Mrs. John Falvey gave five books; Mrs. Kate Childs gave seven books; Hannah Jane Gove of Deering presented the Bible formerly owned by Robert Wallace, one of the early settlers of Henniker. This book was often used by "Ocean Born Mary." It was printed in Edinburgh in 1746.

We are indebted to Dr. G. H. Sanborn for the N. H. Medical Report; to Judge Wallace for the early records of the town of Henniker, together with the early map of the town: the first records were made in 1749; to Mrs. George Preston for two books, and to Mr. Sidney Chase, Mr. C. C. French and Mr. and Mrs. F. H. Lincoln for one

volume each. Twelve volumes have been received from the state publisher and three from United States publisher.

A fine collection of minerals was presented by Fred H. Savage, and it will be placed in the Historical room as soon as a cabinet is obtained. Mr. Frank Thomas has given curiosities, one of which is a hayfork 150 years old.

The magazine list is the same as last year. The "Outlook" has been given by Mrs. Curtis Childs; the "Railroad Magazine" by Mrs. Roswell Brill, and the "Columbia" by Mrs. Bacon, and the "Henniker Courier" and the Warner "Times" by Mrs. Ella Howlett. To all of the givers, we extend the thanks of the Trustees.

In all, 151 books have been given, 75 replaced, and 81 repaired. We have purchased 98 new books, of which 87 are fiction, seven are juvenile and three are solid. Of the books given, 130 are solid.

The closing of the library for a month made a decided loss in our output for the year.

Total number of books,	5052
Total output for the year,	8509
Output of solid books,	393
Output of juvenile,	617
Output of magazines,	1756
Output of fiction,	5743
Number of visitors,	319
Amount received from fines,	\$15.16
Expenses,	\$24.43

Respectfully submitted,

JENNIE NOYES, DODGE, *Librarian.*

M. MARION COLE, *Assistant Librarian.*
